## **BIENALA ȘI TENDINȚELE ACTUALE ALE GRAVURII CONTEMPORANE**

În peisajul muzeal din țara noastră, Muzeul Județean de Artă Prahova „Ion Ionescu-Quintus“, cu cele două secții ale sale, Muzeul de Artă din Ploiești și Muzeul Memorial „Nicolae Grigorescu“ din Câmpina, ocupă un loc special. Posezoare a unui bogat patrimoniu de artă românească din secolul al nouăsprezecelea și al douăzecilea, această instituție muzeală încearcă să ducă mai departe tradiția de reflectare a fenomenului artistic contemporan.

O multitudine de exprimări artistice își caută locul în arta actuală. Acestor tendințe le răspunde și *Bienala Internațională de Gravură Contemporană „Iosif Iser“*, aflată, în anul de grație 2009, la cea de-a VIII-a ediție. Istoricul acestei prestigioase manifestări derulate sub egida Muzeului Județean de Artă Prahova „Ion Ionescu-Quintus“, în colaborare și cu sprijinul Consiliului Județean Prahova, pornește de la faptul că pictorul, desenatorul și gravorul Iosif Iser (1881-1958), un artist român de mare valoare națională și internațională, este legat prin viață și operă de Ploiești și de județul Prahova. În 1993, cu ocazia organizării *Retrospectivei de Pictură „Iosif Iser“*, Muzeul Județean de Artă Prahova, prin regretata sa directoare, criticul de artă Ruxandra Ionescu, a lansat ideea inițierii unei bienale în domeniul gravurii. Din rațiunile invocate mai sus, manifestarea a fost așezată sub auspiciile acestui mare artist interbelic, în a cărui operă gravura a jucat un rol major. În cadrul celor opt ediții desfășurate până acum (1993 – 1995 – 1997 – 1999 – 2001 – 2007 – 2009), importanța manifestării s-a accentuat continuu, atât prin creșterea numărului de participanți, cât și prin evoluția ascendentă, din punct de vedere cantitativ și calitativ, a lucrărilor înscrise în concurs.

Manifestare unică din România, Bienala Internațională de Gravură Contemporană „Iosif Iser“ constituie una dintre cele mai interesante modalități de cunoaștere a tendințelor actuale ale gravurii universale. Ea se adresează tuturor artiștilor profesioniști români și străini interesați, indiferent de vârstă, este deschisă tuturor tehnicilor de gravură și se finalizează printr-o amplă expoziție dotată cu premii. Distincțiile sunt acordate, prin mijlocirea unui juriu profesionist, de instituții de stat și organizații non-guvernamentale precum Consiliul Județean Prahova, Primăria Municipiului Ploiești, Societatea Colecționarilor de Artă din România, Fundația „Prahova 29“ și Muzeul Județean de Artă Prahova „Ion Ionescu-Quintus“. Operele premiate, dar și o mare parte din celelalte lucrări prezentate intră în patrimoniul Muzeului de Artă din Ploiești, îmbogățindu-l.

Ca și ediția anterioară, ediția din acest an a Bienalei... reprezintă un adevărat fenomen cultural, constituind, neîndoielnic, unul dintre cele mai ample evenimente artistice nu numai din județul Prahova, ci

și din România. La sediul Muzeului Județean de Artă Prahova au sosit 619 de lucrări din 41 de țări (România, Argentina, Austria, Belarus, Belgia, Bosnia și Herțegovina, Brazilia, Bulgaria, Canada, Cehia, Columbia, Coreea de Sud, Croația, Cuba, Estonia, Finlanda, Franța, Germania, Grecia, Israel, Italia, Japonia, Letonia, Lituania, Luxemburg, Macedonia, Mexic, Moldova, Norvegia, Olanda, Polonia, Rusia, Serbia, Slovenia, Spania, SUA, Thailanda, Turcia, Ucraina, Ungaria, Uruguay etc.), aparținând unui număr de 349 de artiști. Pentru un număr de 457 de lucrări există deja acordul de donație din partea autorilor.

Reprezentativitatea geografică, dar și din punctul de vedere al tehnicilor (litografie, xilogravură, linogravură, *pointe-sèche*, *aquaforce*, *aquatinta*, *mezzotinta*, *intaglio*, serigrafie, colografie, colotipie, gravură în plastic, relief print, imprimare digitală, gipsografie, timbru sec, monoprint, *cyanotype*, CAD, tehnică mixtă etc.), permite, astfel, prezentarea în România a unei panorame mondiale a gravurii. Iar prezența unui mare număr de lucrări realizate în diferite tehnici de gravură și datorate unor artiști din toate zonele geografice ale lumii conturează o amplă ofertă educațională, oferind atât publicului avizat, cât și celui tânăr și foarte tânăr, un real regal artistic.

Și în organizarea din acest an a *Bienalei Internaționale de Gravură Contemporană „Iosif Iser”* tehnologia și-a avut rolul ei, nu numai în ceea ce privește tehnicile de gravură, ci și în materie de contacte umane, internetul constituind una din căile de acces rapid la comunitățile artistice din cele mai îndepărtate colțuri ale lumii. Meritul esențial în această privință îi revine comisarului *Bienalei...*, el însuși important pictor, grafician și gravor, Valter Paraschivescu, șeful secției de servicii educative, care și-a folosit imaginația și contactele artistice personale pentru a face cunoscută *Bienala...* în toată lumea și care este și autorul viziunii grafice unitare a cataloagelor, afișelor și *banner*-ului.

Acest important eveniment n-ar fi putut avea loc fără osârdia întregului personal al Muzeului de Artă din Ploiești, merite importante revenindu-le celor două directoare adjuncte, Alice Neculea și Veronica Radu, ca și excelenței DTP designer Mariana Dăscălache.

Prin astfel de evenimente culturale, instituțiile muzeale românești reintră plener în circuitul mondial de valori și devin prezențe tot mai atractive pentru artiștii din toată lumea, interesați de pătrunderea operelor lor în colecțiile muzeelor din România.

## **THE *BIENNIAL EXHIBITION* AND CURRENT TRENDS IN CONTEMPORARY ENGRAVING**

**T**he “Ion Ionescu-Quintus” Art Museum of Prahova County, with its two sections, the Art Museum in Ploiesti and the “Nicolae Grigorescu” Memorial Museum in Campina, holds a special place within the museum environment of our country. The owner of a rich 19<sup>th</sup>- and 20<sup>th</sup>-century Romanian art patrimony, this institution has been striving to carry on the tradition of reflecting contemporary artistic phenomena.

A multitude of artistic expressions are trying to find their place in contemporary art. These trends are brought together under the wing of the “*Iosif Iser*” *International Contemporary Engraving Biennial Exhibition*, having reached its eighth edition in the year 2009. The history of this prestigious manifestation taking place under the aegis of the “Ion Ionescu-Quintus” Art Museum of Prahova County, in cooperation with and with the support of Prahova County Council, starts from the fact that the painter, sketcher and engraver Iosif Iser (1881-1958), one of the Romanian artists of a great national and international value, is bound to Ploiesti city and Prahova county through his life and work. In 1993, when the “*Iosif Iser*” *Painting Retrospective* was organized, the Art Museum of Prahova County, through the agency of its regretted manager, the late art critic Ruxandra Ionescu, launched the idea of initiating a biennial exhibition in the field of engraving. Owing to the previously-invoked reasons, the manifestation was placed under the auspices of this interwar artist, in whose work engraving held a major part. The importance of this manifestation has grown ceaselessly along the seven editions having taken place so far (1993 – 1995 – 1997 – 1999 – 2001 – 2005 – 2007), both due to the increase in the number of participants and to the ascending evolution of the works being entered in the competition, as regards quantity as well as quality.

A unique manifestation in Romania, “*Iosif Iser*” *International Contemporary Engraving Biennial Exhibition* is one of the most interesting means of becoming acquainted with present-day trends of universal engraving. It addresses all interested Romanian and foreign professional artists, irrespective of age, is open to all engraving techniques and is crowned by an ample award-winning exhibition. Awards are granted following the decision of a professional panel of jurors, including state institutions and non-governmental organizations such as Prahova County Council, the Municipality of Ploiesti, the Romanian Art Collectors' Society, “Prahova 29” Foundation, and “Ion Ionescu-Quintus” Art Museum of Prahova County. The award-winning works, alongside a considerable part of the other works on display join the patrimony of the Art Museum in Ploiesti, enriching it.

Like the previous edition, this year's *Biennial Exhibition* is a genuine cultural phenomenon and undoubtedly one of the largest-scale artistic events not only in Prahova County, but also in Romania. 619 works have reached the quarters of “Ion Ionescu-Quintus” Art Museum of Prahova County, coming from

41 countries (Romania, Argentina, Austria, Belarus, Belgium, Bosnia and Herzegovina, Brazil, Bulgaria, Canada, Czech Republic, Columbia, South Korea, Croatia, Cuba, Estonia, Finland, France, Germany, Greece, Israel, Italy, Japan, Latvia, Lithuania, Macedonia, Mexico, Moldova, Norway, The Netherlands, Poland, Russia, Serbia, Slovenia, Spain, the USA, Thailand, Turkey, the Ukraine, Hungary, Uruguay etc.) and belonging to a number of 349 artists. The authors have already expressed their donation agreement for 457 of the works.

Such a wide representation and geographical spread, also as regards techniques (lithography, xylography, linotype engraving, *pointe-sèche*, *aquaforte*, *aquatinta*, *mezzotinta*, *intaglio*, silkscreen, collography, collotype, plastic engraving, relief print, digital print, plastergraphy, die-stamp printing, monoprint, cyanotype, CAD, mixed technique, etc.) thus allows for the presentation of a world panorama of engraving, in Romania. At the same time, the presence of a great number of works performed according to various engraving techniques by artists in all the geographical areas of the world outlines a vast educational offer, granting both the connoisseurs and the young and very young public an artistic feast.

Technology has also played its part in the organization of this year's edition of the "*Iosif Iser*" *International Contemporary Engraving Biennial Exhibition*, not only as regards engraving techniques, but also concerning human contacts, the Internet being one of the quickest ways of access to artistic communities in the farthest parts of the world. The essential merit in this respect belongs to the Commissioner of the *Biennial Exhibition*, an important painter, sketcher and engraver himself, Valter Paraschivescu, head of the educational service department, who has employed his imagination and personal artistic contacts to make the *Biennial Exhibition* known worldwide, and who is also the author of the unitary graphic vision of the catalogues, posters and banner.

This outstanding event could not have taken place without the concerted efforts of all the staff at the Art Museum in Ploiesti, the two deputy managers Alice Neculea and Veronica Radu, as well as the excellent editor Mariana Dascalache having important merits in this respect.

Owing to such cultural events, Romanian museum institutions can fully rejoin the world circuit of values, becoming ever more attractive presences for artists all over the world who are interested in having their works displayed in the collections of Romanian museums..

## ARTA – O OGLINDĂ A LUMII

Inițiată, cu șaisprezece ani în urmă, de către regretata Ruxandra Ionescu, fosta directoare a Muzeului de Artă Ploiești, coordonată, în ultimii ani, de Florin Sicoie, actualul director, și organizată nemijlocit de către colectivul de specialiști din cadrul muzeului, *Bienala Internațională de Gravură Contemporană „Iosif Iser”* a ajuns, în acest an, la cea de-a opta ediție. Acest eveniment cultural a strâns laolaltă, în 2009, un număr foarte mare de artiști, peste trei sute cincizeci, provenind din mai bine de cincizeci de țări, iar numărul de lucrări, peste șase sute, reprezintă o cifră impresionantă în ceea ce privește cantitatea de obiecte de artă care a intrat vreodată, simultan, într-o expoziție din România.

Dar performanța acestui eveniment nu stă doar în numărul participanților și în cantitatea de lucrări, deși nici acestea nu sunt lipsite de importanță, ci în calitatea lor propriu-zisă și în aria geografică din care ele provin. Atât la o privire exterioară, cât și la o analiză aprofundată, expoziția de gravură de la Ploiești este, concomitent, un curs de geografie artistică și un studiu subtil despre imaginar și despre comportamentul simbolic dintr-o arie culturală care cuprinde, practic, toate marile zone ale lumii. Din Spania și până în Lituania, din Egipt și până în Coreea de Sud, din Cuba până în Turcia, din Statele Unite ale Americii până în Bulgaria și din Mexic, Argentina, Thailanda până în Polonia, Serbia și Rusia, artiștii au răspuns cu o promptitudine incredibilă, dacă ne gândim la inconvenientele pe care le implică acum, în plină explozie a comunicării virtuale, manipularea unor bunuri-obiecte, chiar dacă ea nu presupune, în sine, o foarte mare dificultate.

Toate genurile de grafică, de la cele realizate direct sau prin acțiune mecanică și până la cele obținute prin atacuri chimice sau prin mijloace electronice, demonstrează câteva lucruri care merită remarcate și, unele dintre ele, chiar analizate cu un plus de atenție. În primul rând, ca la majoritatea manifestărilor internaționale din ultimii ani, și aici s-a vădit un adevărat asalt al artiștilor chinezi și asiatici, în general. Fie că se păstrează, la nivelul limbajului și al convențiilor formale, în limitele unei tradiții deja acreditate, fie că încercă o integrare din mers în ritmurile și în codurile artei europene, ei fac un continuu efort de a fi *acolo*, de a-și marca prezența și de a convinge chiar cu prețul „pierderii identității”. De altfel, trebuie remarcat, ca un aspect nu doar de natură artistică și culturală, ci și ca unul de natură socio-politică, faptul că artiștii cu o puternică amprentă locală, cu o iconografie și cu o cromatică ușor de identificat din pricina unei discursivități specifice, sunt cei proveniți din zone mai speciale, atât din punct de vedere politic, cât și din punct de vedere cultural sau religios: Bosnia și Herțegovina, Egipt și, parțial, Rusia, Belarus, Mexic etc.

În rest, fără ca identitatea profundă a artistului sau a culturii din care el provine să fie în vreun fel alterată, retorica identitară dispare, iar ea este suplinită prin elemente subtile de ordin stilistic și temperamental. În acest sens, deși nu există nimic polonez, lituanian, spaniol, cubanez sau israelian la

nivel explicit retoric, în fond artiștii din aceste zone sunt ușor de recunoscut printr-un anumit tip de gândire a formei, de realizare tehnică nemijlocită, și printr-o foarte subtilă, dar nu mai puțin relevantă, configurare spirituală.

Iar dacă ar fi să privim importanța *Bienalei Internaționale de Gravură Contemporană „Iosif Iser”* fie și numai din acest punct de vedere, fără să mai punem la socoteală valoarea artistică ieșită din comun a multora dintre lucrări, și tot am avea unul dintre cele mai puternice și mai coerente fenomene artistice din România. Din România de astăzi și din România de mâine.

## ART – A MIRROR OF THE WORLD

Initiated, sixteen years ago, by the late Ruxandra Ionescu, former manager of the Art Museum of Prahova County, coordinated, during recent years, by Florin Sicoie, the current manager and organised directly by the group of specialists within the museum, the *“Iosif Iser” International Contemporary Engraving Biennial Exhibition* has reached its eighth edition this year. This cultural event has brought together, in 2009, a very large number of artists, over three hundred and fifty, coming from more than forty different countries, while the number of works, over six hundred, represents a staggering figure as concerns the amount of art objects having entered simultaneously an exhibition in Romania.

However, the notable feat of this event does not lie exclusively in the number of participants and the amount of works, though these aspects are hardly negligible themselves, but in their quality and in the geographical area they originate in. Both at an outside glance and upon thorough analysis, the *Biennial Exhibition* in Ploiesti is, concomitantly, a course on artistic geography and a subtle study on the imaginary, and on the symbolic behaviour in a cultural area that actually comprises all the great regions of the world. From Spain to Lithuania, from Egypt to South Korea, from Cuba to Turkey, from the U.S.A. to Bulgaria and from Mexico, Argentina, Thailand to Poland, Serbia and Russia, the artists have responded with incredible promptness, if one simply thinks of the inconveniences incurred by the handling of object-goods at this time of full explosion of virtual communication, although this does not actually imply extreme difficulty, in itself.

All genres of graphics, from those performed directly or through mechanical action to those obtained through chemical attacks or by electronic means, prove a few things that are worth mentioning and, some of them, even analysed more carefully. Firstly, like in most international manifestations of the latest years, a genuine assault of Asian artists has been recorded. Either keeping themselves, at the level of formal language and conventions, within the confines of an already accredited tradition, or trying integration into the rhythms and codes of European art, they make a continuous effort of being *there*, of making their presence felt and of convincing even at the cost of “losing identity”. As a matter of fact, one should remark as an aspect of a socio-political nature, not only of an artistic and cultural one, the fact that those artists with a strong local impress, with an easily identifiable iconography and chromatics owing to a specific discursiveness, come from both politically as well as culturally and religiously sensitive areas: Bosnia and Herzegovina, Egypt, and partially Russia, Belarus, Mexico etc.

As for the rest, identity rhetoric disappears, being replaced by subtle elements of a stylistic and temperamental order, without any adulteration of the artists' deep identity or that of the culture they belong to. In this respect, although there is nothing Polish, Lithuanian, Spanish, Cuban or Israeli at an explicitly

rhetoric level, the artists in these areas are still easily recognizable owing to a certain type of thinking the shapes, of unmediated technical accomplishment and to a highly subtle, but no less relevant spiritual configuration.

If we were to judge the importance of the *“Iosif Iser” International Contemporary Engraving Biennial Exhibition* be it only from this viewpoint, without taking into account the exceptionally unusual artistic value of many works, we would still have one of the most powerful and coherent artistic phenomena in Romania. Both in Romania of today and in Romania of tomorrow.
