## GRAVURA CONTEMPORANĂ: O PANORAMĂ MONDIALĂ

Muzeul Județean de Artă Prahova „Ion Ionescu-Quintus”, cu cele trei secții ale sale, Muzeul de Artă din Ploiești, Muzeul Memorial „Nicolae Grigorescu” din Câmpina și Colecția de artă „Avocat Aldea N. Neagoe (1908-1983). Deținut politic al regimului comunist (1949-1957). Consulatul Artei Ieșene”, ocupă un loc special în peisajul muzeal din țara noastră. Posesor al unui bogat patrimoniu de artă românească din secolul al nouăsprezecelea și al douăzecilea, muzeul nostru încearcă să ducă mai departe tradiția de reflectare a fenomenului artistic contemporan.

O multitudine de exprimări artistice își caută locul în arta actuală. Aceste tendințe le răspunde și *Bienala Internațională de Gravură Contemporană „Iosif Iser”*, aflată, în acest an, la cea de-a XV-a ediție. Istorul acestei prestigioase manifestări derulate sub egida Muzeului Județean de Artă Prahova „Ion Ionescu-Quintus”, în colaborare și cu sprijinul Consiliului Județean Prahova, pornește de la faptul că pictorul, desenatorul și gravorul Iosif Iser (1881-1958), un artist român de mare valoare națională și internațională, este legat prin viață și operă de Ploiești și de județul Prahova. În 1993, cu ocazia organizării *Retrospectivei de Pictură „Iosif Iser”*, Muzeul Județean de Artă Prahova, prin regretata sa directoare, criticul de artă Ruxandra Ionescu, a lansat ideea inițierii unei bienale în domeniul gravurii. Din rațiunile invocate mai sus, manifestarea a fost așezată sub auspiciile acestui mare artist interbelic, în a cărui operă gravura a jucat un rol major. În cadrul celor cincisprezece ediții desfășurate până acum (1993 – 1995 – 1997 – 1999 – 2001 – 2005 – 2007 – 2009 – 2011 – 2013 – 2015 – 2017 – 2019 – 2021 – 2023), importanța manifestării s-a accentuat continuu, atât prin creșterea numărului de participanți, cât și prin evoluția ascendentă, din punct de vedere cantitativ și calitativ, a lucrărilor înscrise în concurs.

Manifestare unică din România, *Bienala Internațională de Gravură Contemporană „Iosif Iser”* constituie una dintre cele mai interesante modalități de cunoaștere a tendințelor actuale ale gravurii universale. Ea se adresează tuturor artiștilor profesioniști români și străini interesați, indiferent de vîrstă, este deschisă tuturor tehniciilor de gravură și se finalizează printr-o amplă expoziție dotată cu premii. Distincțiile sunt acordate, prin mijlocirea unui juriu profesionist, de instituții de stat și organizații non-guvernamentale precum Consiliul Județean Prahova, Primăria Municipiului Ploiești, Muzeul Județean de Artă Prahova „Ion Ionescu-Quintus”, Uniunea Artiștilor Plastici din România, S.C. BES ROMANIA S.R.L., Cabinetul Individual de Avocatură „Cristina Dobre” și Cabinetul Notarial „Laslo & Dobre”. Operele premiate, dar și o mare parte din celelalte lucrări prezentate intră în patrimoniul Muzeului de Artă din Ploiești, îmbogățindu-l.

Ediția din acest an, cea de-a cincisprezecea, a *Bienalei...* reprezintă un adevarat fenomen cultural, constituind, neîndoilenic, unul dintre cele mai ample evenimente artistice nu numai din județul Prahova, ci și din România. La sediul Muzeului Județean de Artă Prahova au sosit 458 de lucrări din 44 de țări (România, Argentina, Australia, Austria, Belarus, Belgia, Bosnia și Herțegovina, Brazilia, Bulgaria, Canada, Coreea de Sud, Croația, Danemarca, Estonia, Finlanda, Franța, Grecia, India, Israel, Italia, Japonia, Letonia, Lituania, Macedonia de Nord, Marea Britanie, Mexic, Moldova, Muntenegru, Norvegia, Olanda, Peru, Polonia, Portugalia, Rusia, Serbia, Slovacia, Spania, SUA, Suedia, Thailanda, Turcia, Ucraina, Ungaria, Uruguay etc.), aparținând unui număr de 290 de artiști. Pentru 300 de lucrări din cele 458 primite, există deja acordul de donație din partea autorilor.

Reprezentativitatea geografică, dar și din punctul de vedere al tehnicii (litografie, xilogravură, linogravură, *pointe-sèche*, *aquatinta*, *mezzotinta*, *intaglio*, serigrafie, colografie, colotipie, gravură în plastic, relief print, imprimare digitală, gipsografie, timbru sec, monoprint, *cyanotype*, CAD, tehnică mixtă etc.), permite, astfel, prezentarea în România a unei panorame mondiale a gravurii. Iar prezența unui mare număr de lucrări realizate în diferite tehnici de gravură și datorate unor artiști din toate zonele geografice ale lumii conturează o amplă ofertă educațională, oferind atât publicului avizat, cât și celui Tânăr și foarte Tânăr, un real regal artistic.

Tehnologia și-a avut rolul ei și în organizarea din acest an a *Bienalei Internaționale de Gravură Contemporană „Iosif Iser”*, nu numai în ceea ce privește tehniciile de gravură, ci și în materie de contacte umane, internetul constituind una din căile de acces rapid la comunitățile artistice din cele mai îndepărtate colțuri ale lumii. Meritul esențial în această privință îl revine curatorului *Bienalei...*, el însuși important pictor, grafician și gravor, Valter Paraschivescu, care și-a folosit imaginația și contactele artistice personale pentru a face cunoscută *Bienala...* în toată lumea și care este și autorul viziunii grafice unitare a cataloagelor, afișelor și *banner*-ului.

Acest important eveniment n-ar fi putut avea loc fără osârdia întregului personal al Muzeului de Artă din Ploiești, merite importante revenindu-le celor două directoare adjuncte, Alice Neculea și Veronica Radu, ca și excelenței tehnoredactore Mariana Dăscălache.

Prin astfel de evenimente culturale, instituțiile muzeale românești reintră plenar în circuitul mondial de valori și devin prezențe tot mai atractive pentru artiștii din toată lumea, interesați de pătrunderea operelor lor în colecțiile muzeelor din România.

## CONTEMPORARY PRINT: A WORLDWIDE PANORAMA

The “Ion Ionescu-Quintus” Art Museum of Prahova County, with its three departments, the Art Museum in Ploiești, “Nicolae Grigorescu” Memorial Museum in Campina, and the “Aldea N. Neagoe, Attorney-at-law” (1908-1983). Political prisoner of the Communist regime (1949-1957). Consulate of the Art in Jassy” Collection, holds a special place within the museum environment of our country. The owner of a rich 19<sup>th</sup>- and 20<sup>th</sup>-century Romanian art patrimony, our institution has been striving to continue the tradition of reflecting contemporary artistic phenomena.

A multitude of artistic expressions are trying to find their place in contemporary art. It is these trends that the “Iosif Iser” *International Contemporary Print Biennial*, having reached its fifteenth edition this year, is addressing. The history of this prestigious manifestation taking place under the aegis of the “Ion Ionescu-Quintus” Art Museum of Prahova County, in cooperation with and with the support of Prahova County Council, starts from the fact that the painter, sketcher and engraver Iosif Iser (1881-1958), one of the nationally and internationally renowned Romanian artists of great value, is bound to Ploiești City and Prahova County through his life and work. In 1993, when the “Iosif Iser” *Painting Retrospective* was organized, the Art Museum of Prahova County, through the agency of its regretted manager, the late art critic Ruxandra Ionescu, launched the idea of initiating a biennial exhibition in the field of engraving. Owing to the previously-invoked reasons, the manifestation was placed under the auspices of this great inter-war artist, in whose work engraving held a major part. The importance of this manifestation has grown ceaselessly along the fifteen editions having taken place so far (1993 – 1995 – 1997 – 1999 – 2001 – 2005 – 2007 – 2009 – 2011 – 2013 – 2015 – 2017 – 2019 – 2021 – 2023), both due to the increase in the number of participants and to the ascending evolution of the works registered in the competition, as regards quantity as well as quality.

A unique manifestation in Romania, the “Iosif Iser” *International Contemporary Engraving Biennial Exhibition* is one of the most interesting means of becoming acquainted with present-day trends of universal print. It addresses all interested Romanian and foreign professional artists, irrespective of age, is open to all printing techniques and is crowned by an ample award-winning exhibition. Awards are granted following the decision of a professional panel of jurors, including state institutions and non-governmental organizations such as Prahova County Council, Ploiești City Council, “Ion Ionescu-Quintus” Art Museum of Prahova County, the Plastic Artists' Union in Romania, S.C. BES ROMANIA S.R.L., the Law Firm “Cristina Dobre” and the Notary Office “Laslo & Dobre”. The award-winning works, alongside a

considerable part of the other works on display join the patrimony of the Art Museum in Ploiesti, enriching it.

This year's edition of the Biennial Exhibition, the fifteenth, is a genuine cultural phenomenon and undoubtedly one of the largest-scale artistic events not only in Prahova County, but also in Romania. 458 works have reached the quarters of Prahova County Art Museum, coming from 44 countries (Romania, Argentina, Australia, Austria, Belarus, Belgium, Bosnia and Herzegovina, Brazil, Bulgaria, Canada, Croatia, Denmark, Estonia, Finland, France, Greece, Hungary, India, Israel, Italy, Japan, Latvia, Lithuania, Mexico, Moldova, Montenegro, the Netherlands, North Macedonia, Norway, Peru, Poland, Portugal, Russia, Serbia, Slovakia, South Korea, Spain, Sweden, Thailand, Turkey, the Ukraine, the United Kingdom and the USA) and belonging to a number of 290 artists. The authors have already expressed their donation agreement for 300 of the 458 received works.

Such a wide representation and geographical spread, also as regards techniques (lithography, xylography, linocutting, *pointe-sèche*, *aquatinta*, *mezzotinta*, *intaglio*, serigraphy, collagraph, collotype, plastic print, relief print, digital print, gypsography, impressed stamp, monoprint, *cyanotype*, CAD, mixed technique etc.) thus allows for the presentation of a world panorama of print in Romania. At the same time, the presence of a great number of works performed according to various print techniques by artists in all the geographical areas of the world outlines a vast educational offer, granting both the connoisseurs and the young and very young public a genuine artistic feast.

Technology has also played its part in the organization of this year's edition of the "*Iosif Iser*" *International Contemporary Engraving Biennial Exhibition*, not only as regards printing techniques, but also concerning human contacts, the Internet being one of the quickest ways of access to artistic communities in the farthest parts of the world. The essential merit in this respect belongs to the curator of the *Biennial Exhibition*, an important painter, sketcher and engraver himself, Valter Paraschivescu, who has employed his imagination and personal artistic contacts to make the "*Iosif Iser*" *International Contemporary Engraving Biennial Exhibition* known worldwide, and who is also the author of the unitary graphic vision of the catalogues, posters and banner.

This outstanding event could not have taken place without the concerted efforts of all the staff at the Art Museum in Ploiesti, the two deputy managers Alice Neculea and Veronica Radu, as well as the excellent editor Mariana Dascalache having important merits in this respect.

Owing to such cultural events, Romanian museum institutions can fully rejoin the world circuit of values, becoming ever more attractive presences for artists all over the world who are interested in having their works displayed in the collections of Romanian museums.

## **BIENALA IOSIF ISER, PLOIEȘTI, 2023. OPTIUNI ȘI REDISTRIBUIRIRI**

**A**șezată de mai multe decenii în istoria și în geografia culturală a artelor noastre contemporane, *Bienala Internațională de Gravură Contemporană „Iosif Iser”* a Muzeului Județean de Artă Prahova „Ion Ionescu-Quintus” din Ploiești a devenit nu doar un reper artistic în sine, ci și un simptom etic și un act efectiv de rezistență. Ca proiect cultural pe termen lung și ca episod expozițional propriu-zis, acest eveniment reprezintă un adeverat exemplu de stabilitate și de continuitate, dar și un exercițiu mereu proaspăt și, nu o dată, surprinzător în expresia lui nemijlocită. Dacă, în edițiile anterioare, mai ales în cele de la început, noutatea putea fi identificată, cu predilecție, în geografia participării, acum, la deplina sa maturitate, surprizele de felul acesta aproape că nu mai există, practic fiind epuizate cam toate spațiile purtătoare de civilizație. Este extrem de dificil să identifici o țară sau un loc semnificativ de pe glob care, într-un fel sau în altul, să nu fi ajuns, măcar o singură dată, la Ploiești. În această situație, elementele noi care intervin în succesiunea edițiilor trebuie căutate în detaliile semnificative, în schimbările de atitudine și de comportament ale participanților și, evident, în substanța lucrărilor însăși.

Acste observații acreditează de la bun început ideea că în datele mari ale acestei ediții, care nu diferă fundamental de acelea cu care ne-au obișnuit deja edițiile precedente, pot fi sesizate, totuși, cu destulă ușurință, niște noutăți de amănunt, de acord fin. Participarea artiștilor din 44 țări, într-un număr de 290, cu 458 lucrări, deși pare a reedita situația din anii anteriori, aduce, de data aceasta, câteva elemente noi. Avalanșa artiștilor asiatici de altădată se reduce acum doar la o participare consistentă a Thailandei (17 participanți) și, din proximitate, a Republicii Turcia (23 participanți), în condițiile în care marea absentă, ca și cu două ediții în urmă, este China. La fel stau lucrurile și în ceea ce privește țările latino- și nord-americane, artiștii din Argentina sunt cei care salvează puțin situația, cu 16 participanți, Mexicul, Canada și SUA intrunesc împreuna un număr de 14 participanți. Până și spațiul ex-sovietic (Rusia, Letonia, Estonia, Lituania, Moldova, Bosnia și Herțegovina, Bulgaria, Belarus, Ucraina) este prezent doar cu 28 participanți. Iar cazul Republicii Moldova este unul special, fiindcă interesul ei masiv de altădată pentru acest eveniment se reduce acum doar la 3 artiști. Dintre țările occidentale și cele nordice, singură Italia participă cu 19 artiști, iar campioana absolută a acestei ediții este, deloc surprinzător, România, cu 69 de artiști, urmată îndeaproape de Polonia, cu 65.

Deși țările vechii Europe, enumerate mai sus, participă cu lucrări de o foarte bună calitate, ele sunt mult mai reticente în ceea ce privește numărul participanților, exact ca și în ultimele ediții. Și tot ca în ultimele ediții, sugestiile pe care privitorul le poate desprinde din expoziție sunt extrem de interesante din

punct de vedere psihologic și socio-cultural: artistul occidental este mult mai prudent și mult mai puțin motivat în ceea ce privește dorința de afirmare și nevoia de comunicare, el exploataând ofertele cu un interes moderat, fără fluctuații și cu o evidentă, chiar dacă subînțeleasă, convingere că totul este stabil și mereu disponibil. Spre deosebire de edițiile anterioare, în același model comportamental prudent se înscriu acum și artiștii asiatici.

În acest context, este remarcabil comportamentul artistic și etic al reprezentanților Poloniei, care își reconfirmă atât rigoarea profesională, cât și disponibilitatea de comunicare și fermitatea principiilor, fiindcă însăși ideea de gravură, care conservă tehnici și sisteme de gândire cu o tradiție solidă, implică o asemenea atitudine. De remarcat și reorientarea artiștilor din spațiul balcanic, exceptând Turcia, și din cel ex-sovietic spre piețele culturale mari, ceea ce le diminuează vizibil interesul pentru piețe tinere din proximitate.

Dar, ca în toate edițiile de până acum, performanța acestui eveniment nu stă doar în numărul participanților și în cantitatea de lucrări, deși nici acestea nu sunt lipsite de importanță, ci în mesajul profund al sutelor de lucrări și în aria geografică din care ele provin. Atât la o privire exterioară, cât și la o analiză aprofundată, *Bienala...* de la Ploiești este simultan un curs de geografie artistică și un studiu subtil despre imaginar și despre comportamentul simbolic dintr-o arie culturală care, cu toate absențele semnificative din această ediție, cuprinde, practic, toate marile zone ale lumii. Toate genurile de gravură, de la cele realizate prin acțiune mecanică și până la cele obținute prin atacuri chimice sau prin tehnici digitale, demonstrează câteva lucruri care merită remarcate și, unele dintre ele, chiar analizate cu un plus de atenție.

Fără ca identitatea profundă a artistului sau a culturii din care el provine să fie în vreun fel alterată, retorica identitară dispare, și ea este suplinită prin elemente subtile de ordin stilistic și temperamental. În acest sens, deși nu există nimic polonez, lituanian, portughez, italian sau rusesc la nivel explicit, în fond artiștii din aceste zone sunt ușor de recunoscut printr-un anumit tip de gândire a formei, de realizare tehnică nemijlocită și printr-o subtilă poziționare spirituală. Evident că în aceeași tendință se înscriu și artiștii din România, care și-au însușit perfect și creator codurile marii gravuri dintotdeauna, fără niciun complex și fără nicio concesie.

Un lucru remarcabil, pe care ultimele ediții l-au adus, iar cea actuală îl confirmă, este revenirea tot mai evidentă la mijloacele tehnice care țin de tradiția profundă a gravurii, chiar dacă viziunile și mesajele sunt strict contemporane, în detrimentul tehniciilor de multiplicare pe care le-au adus noile tehnologii, dându-se astfel noțiunii de gravură întreaga sa semnificație din atelierul istoric. În felul acesta, gravorii de astăzi și, implicit, cei care se regăsesc în expoziție, nu doar că participă cu gravură în cadrul unui eveniment major, ci reușesc și să aducă un omagiu colectiv gravurii ca gen, ca tip de sensibilitate și ca formă de organizare a gândirii plastice și, de ce nu, a gândirii pur și simplu, în toate dimensiunile sale.

## THE IOSIF ISER BIENNIAL, PLOIEȘTI, 2023. OPTIONS AND REDISTRIBUTIONS

**P**laced, for several decades, in the cultural history and geography of our contemporary arts, the “*Iosif Iser*” International Contemporary Print Biennial” of the “Ion Ionescu Quintus” Prahova County Art Museum in Ploiești not only became an artistic landmark in its own right, but also an ethical milestone and an effective fortress for resistance. As a long-term cultural fact and as a localized artistic moment, this event acts for a true example of stability and continuity of an artistic project, but also for an always fresh, and not only once startling, exercise in its concrete and immediate manifestation. If during its previous editions, especially the initial ones, novelty could be identified particularly in the geography of its attendants, now, in full maturity, such surprises are almost nonexistent, all civilization-bearing realms having been virtually encompassed. It is extremely difficult to identify a country or a significant place on the globe that has failed to reach Ploiești at least once, in some way. Under such circumstances, the new elements standing out in the succession of editions should be searched for in the significant details, the participants' changes of attitude and behaviour and, obviously, in the very substance of the works themselves.

Such observations acknowledge, from the very beginning, the idea that, in this edition's coordinates, which do not differ fundamentally from those we have already become accustomed with on the previous occasions, some particular, fine tuning novelties could be actually perceived easily enough. The attendance of artists from 44 countries, counting 290, with 458 works, though seems to repeat the situation of the previous years, brings, this time, some new elements. The formerly avalanche of Asian artists is reduced now only to a consistent participation of Thailand (17 participants) and, from proximity, of the Turkish Republic (23 participants), given that the great absent, as two editions ago, continues to be China. That's the way the things are concerning the Latin- and North-American countries, the artists in Argentina are those saving the day, with 16 participants, Mexico, Canada and the USA gathering together a number of 14 participants. Even the ex-Soviet area (Russia, Latvia, Estonia, Lithuania, Moldova, Bosnia and Herzegovina, Bulgaria, Belarus, and Ukraine) is present with only 28 participants. And the case of Moldova is a special one, because its former massive interest in this event is reduced, this time, to only 3 artists. From the Western and Nordic countries, only Italy participates with 19 artists, and the ultimate champion of this edition is, not surprisingly, Romania, with 69 artists, closely followed by Poland with 65. Although the countries of the Old Europe, listed above, participate with works of a very high quality, they are much more reserved with regard to the number of participants, exactly like in the last editions. And also like in the last editions, the suggestions that the onlooker can absorb from the exhibition are extremely interesting from a psychological and social-cultural viewpoint: the Western artist is more cautious and less

motivated as regards his wish for assertion and the need for communication; he exploits offers with equal interest, without fluctuations and with an obvious, though inferred conviction that everything is stable and always available. Unlike the previous editions, in the same prudent behavioural pattern enter now the Asian artists too.

In this context, the artistic and ethical behaviour of Poland's representatives is remarkable, reconfirming both their professional strictness and their availability for communication and resolution of principles, because the very idea of print, which preserves techniques and systems of thought of a strong tradition, implies such an attitude. Also remarkable is the reorientation of the artists of the Balkan, excepting Turkey, and ex-Soviet areas to the big cultural markets, which visibly diminishes their interest for the young markets nearby.

However, as in all the editions so far, the performance of this event doesn't subsist only in the number of participants and the amount of works, although these aspects do not lack in importance either, but in the profound message of the hundreds of works and the geographical area they come from. Both at first sight and upon thorough analysis, the Ploiesti *Biennial*... is simultaneously a course in artistic geography and a subtle study on the imaginary and on symbolic behaviour in a cultural area which, with all the significant absences of this edition, comprises virtually all the large areas of the world. All genres of print, from those performed through mechanical action to those obtained through chemical attacks prove several things that are worth mentioning and, some of them, even given more profound thought.

Without alloying, in any way, the profound identity of the artist or of the culture to which he belongs, the identity rhetoric disappears, and it is supplied by subtle elements of stylistic and temperamental order. In this respect, though there is nothing Polish, Lithuanian, Portuguese, Italian or Russian at an explicit level, basically the artists of these areas are easily recognisable by a certain type of planning the shape, of an immediate technical accomplishment and by a subtle spiritual positioning. The artists of Romania are obviously part of the same trend, after having perfectly and creatively learned the codes of the great print ever, without any complex and concession.

A remarkable aspect that the latest editions have brought along and that the actual one confirms is the even more obvious return to the technical means related to the profound print tradition, even though the visions and messages are strictly contemporary, to the disadvantage of multiplying techniques that have been brought by the new technologies, which bestow upon the notion of print its fully-fledged significance in the historical workshop. In this way, not only do today's print artists, and implicitly those illustrating the exhibition, participate with prints in a major event, but they even manage to pay a collective homage to print as a gender, as a type of sensitivity and as a form of organisation of the plastic thought, and, why not, of the thought in itself, in all its dimensions.
